Kingsley Interiors, Our Introduction

*Founded back in 2002,
we have been a family
run business for over 17
years. It all started for us
in a small railway arch
on Bombay Street in
Bermondsey.*

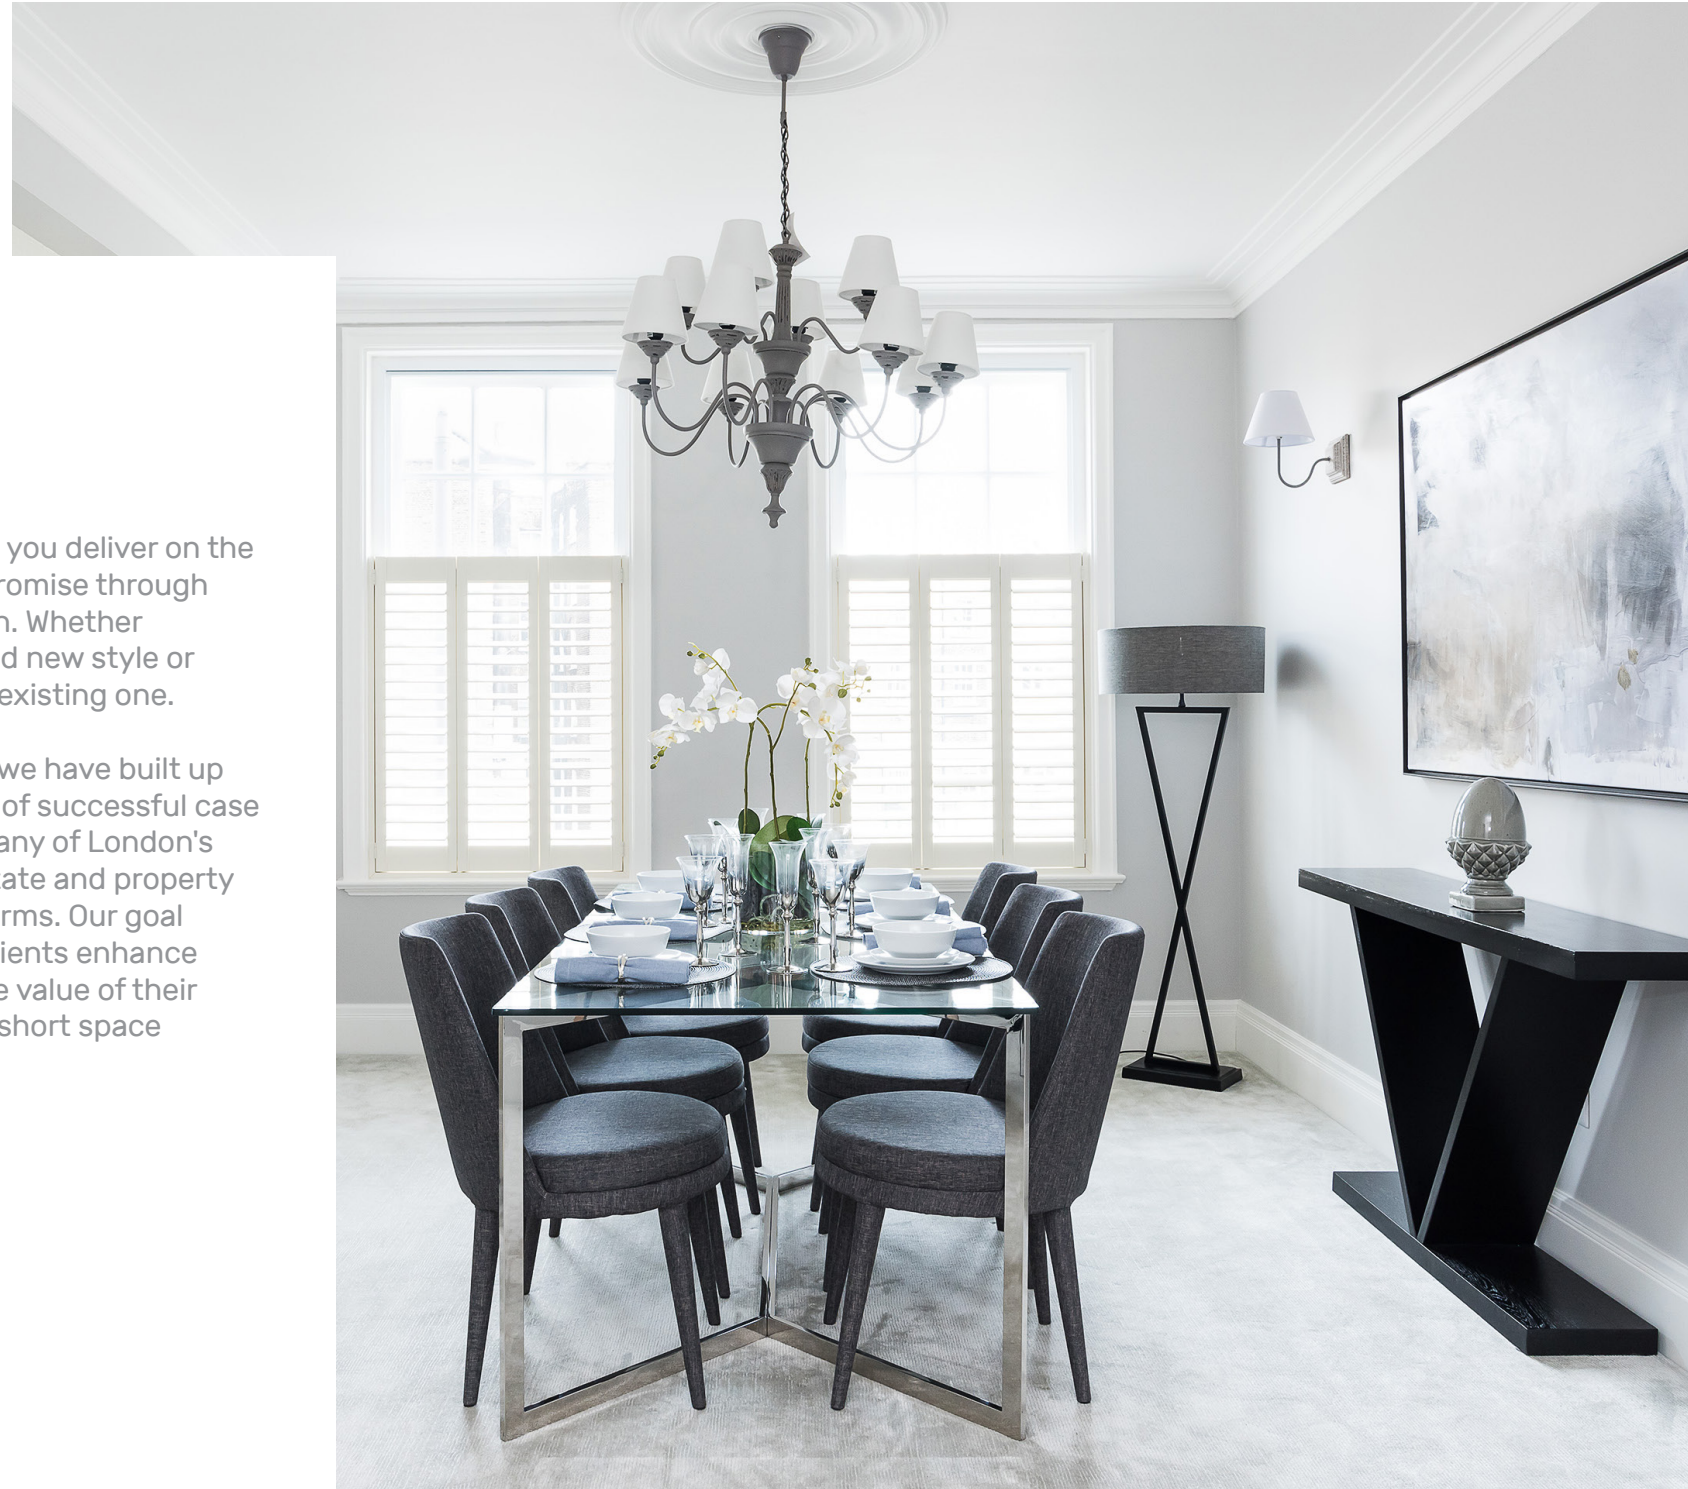

Throughout our journey, it's always been important for us to keep our feet on the ground and remain fully committed to our values as a family business. Maintaining our culture and values has been a focus for us throughout our growth and we will always pride ourselves on our excellent personable service and reliability. Over the years we have developed a robust knowledge of the market and our team of specialists are on hand to provide our clients with a first class service.

Home Staging

Our home staging service is designed to help developers and landlords make the most of their investments and avoid lengthy void periods for their property.

Only inside can you deliver on the architectural promise through inspiring design. Whether creating a brand new style or fine-tuning an existing one.

Over the years we have built up a huge archive of successful case studies with many of London's leading real estate and property management firms. Our goal is to help our clients enhance the prospective value of their properties in a short space of time.

Our Ranges

First Impressions are everything, explore our different ranges to see how we can make those first impressions count. Our Home Staging service can be catered to suit any style or budget.

The Mayfair Range

Our Mayfair Range is chosen for the high end staging style. This range emanates complete luxury, mixing bespoke contemporary prices with timeless design.

Installation Day

Our installation team will assemble and install everything down to the last detail. Dressing the beds and adding finishing touches to each room, leaving you with an irresistible home to show case to your new buyers.

All our furniture is for sale which allows you to market the property furnished or unfurnished for lettings and sales. When your ready for collection we will arrange a time that best suits you.
